Thomasina's Garlic Bread Catastrophe!

Hello – Thomasina here!
I'm having a catastrophe with my garlic bread. Everyone agrees my garlic bread is delicious. But I'm buying too much garlic, bread and parsley ...

Which means I'm throwing far too much of everything away!

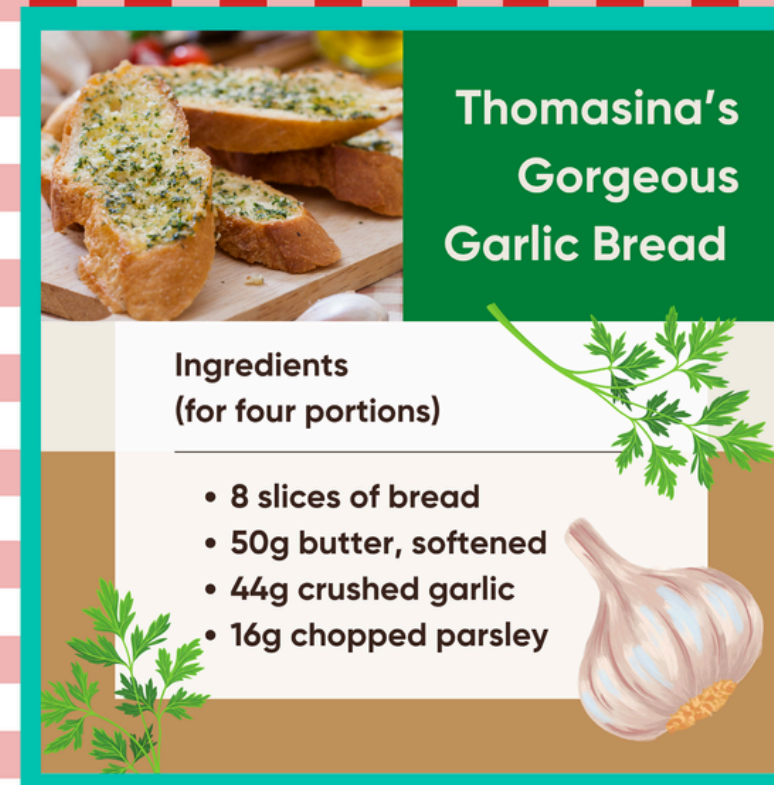

Thomasina's Garlic Bread Catastrophe!

Can you help me save money and waste less food by working out exactly how many I *should* buy?

Let me show you the recipe ...

Let's start by going through the eight times table - and then the eleven times table.

How many **slices of bread** for one serving of four portions?
